- The Congress personal data will be used to notify participants of Congress-related activities
- The Congress Organizing Committee can alter the program or any other matters related to the organizing aspect of the Online Congress
- The Congresses is an independent entity and will preserve Exhibition best practices.

## **YOUNG CLINICAL RESEARCH AWARD**

The Scientific Committee will present an award daily to those abstracts in cosmetic-plastic gynecology to be judged during the Congress. The winning abstracts on each day's topic will be announced during the closing ceremony of the Congress. The author should submit an affidavit verifying the actual training status by the director of specialty or sub-specialty training. This letter should be attached to the abstract during submission; it will reflect the author of entering competitive consideration for the award in cosmetic or reconstructive gynecologic surgery.
